**MEETING OF HILO  
BOARD OF TRADE**

HILO, February 24.—The adjourned annual meeting of the Hilo Board of Trade took place last Tuesday afternoon, when the following officers were elected, on recommendation by the nomination committee, to serve during the ensuing year: President, Dr. H. B. Elliot; vice-president, C. E. Wright; secretary, Wm. McKay; treasurer, E. N. Deyo; directors, E. N. Holmes, J. A. M. Osorio, Paul Barrels, A. Lindsay and E. F. Nichols.

The committee which has had charge of the federal building matter presented correspondence from the Delegate on the subject, as well as recommending the passage of a resolution, which was adopted, which after reciting that the climate and conditions of Hilo differ in great degree from those of the mainland, "respectfully urges that a special architect be appointed to draw plans consistent with the conditions mentioned above. And attention is respectfully called to the fact that Mr. Whitfield, of New York and Mr. Kerr, of Honolulu, have designed a satisfactory public library building at Honolulu, and that both are personally familiar with the conditions existing in Hilo."

Dr. Elliot for the legislative committee stated that it had been at a disadvantage owing to having no definite instructions from the board in regard to its attitude on proposed legislation.

Richards wanted the committee to take up the matter of reimbursing those who have subscribed to the fund for the purchase of the Severance lease for part of the federal building site. He added that Superintendent of Public Works Marston Campbell had promised that he would support such a measure. Some members were skeptical of legislative favor in the matter, but it was decided that it would do no harm to try.

The board decided to stand behind the bill providing for a record office for each of the counties. The proposition to transfer the authority for the ordering of the construction of sidewalks from the superintendent of public works to the supervisors caused more discussion, but no decision was reached.

Filler brought up the fact that the Bishop Estate was about to lease to Japanese part of the narrow strip of land along the beach near the Waikeke bridge. He expressed the opinion that the trustees of the estate probably did not realize what this meant to Hilo. The approach to the city had already been pretty badly spoiled, and by cutting off this last strip of sea view the last attraction would be taken away. The Hilo Railroad Co. had intended beautifying this stretch of beach by planting coconut palms along it, but it did not propose to do so for the mere purpose of beautifying a lot of Japanese backyards. He recommended that the board call the attention of the trustees to the conditions here, and ask them to leave the strip alone.

Dr. Elliot suggested that the Bishop

op Estate did not take much interest in Hilo, anyway, and that a sharp rap over the knuckles would probably be all which the board would get for its pains.

Metzger thought there would be no harm in making the request, and Scott came strongly to the support of Filler, moving that a letter be sent to the trustees, and this carried.

An offer made over a year ago by the Kahuu Land Co., through W. R. Castle, to donate its large block of land on Front street for a park, if the adjoining property owners did the same, was referred to the legislative committee.

Filler, Wright and Holmes were appointed a committee to work up the Fourth of July celebration.

**SUNDAY AT HALEIWA.**

Haleiwa holds the palm for enjoyment. The guests who stopped there Sunday when the rain was coming down in buckets full in town, had the time of their visit to the islands. It would have been more delightful if the sky had not been overcast but even so there were other things which made up for what was lacking in the sky. There was everything to delight their eye and the stomach at this popular hotel. The management is never at a loss to provide entertainment and the visitors are always ready to follow his lead.

"What do you think of the new problem play?" "Nothing," replied Miss Cayenne. "It was bad enough to see it, without thinking about it."—Washington Star.
